April 13, 2010

Mr. Patrick Scanlon
Golden State Water Company
12035 Burke Street, Suit #1
Santa Fe Springs, CA 90670

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—GOLDEN STATE WATER COMPANY, MASSINGER PLANT, 11502 MASSINGER STREET, LAKEWOOD, CALIFORNIA (NPDES NO. CAG994003, CI—8900)

Dear Mr. Scanlon:

In our letter dated July 23, 2009, we informed you that the subject discharge is regulated under Order No. R4-2009-0047, *General NPDES and Waste Discharge Requirements for Discharges of Nonprocess Wastewater to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, which also serves as your NPDES permit.

On March 19, 2010, you informed Regional Board staff that the above-referenced facility has no discharges since July 2009. Since the NPDES permit is no longer necessary, you requested termination of your coverage under the above-referenced General NPDES permit. On April 8, 2010, our staff inspected the facility and verified that there is no discharge to the storm drain.

Since there is no discharge from the site to the storm drain, coverage under Board Order No. R4-2009-0047 for the subject facility is hereby terminated except for enforcement purposes. Please note that if future discharges of groundwater to surface water becomes necessary, you must file a Report of Waste Discharge with this office and obtain Waste Discharge Requirements (WDRs) prior to discharging any groundwater from the site to surface waters. If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

Tracy J. Egoscue
Executive Officer
