Dear Ms. Sweet:

TERMINATION OF COVERAGE UNDER GENERAL WASTE DISCHARGE REQUIREMENTS - LEWIS ROAD WIDENING PROJECT, CAMARILLO, CALIFORNIA (Order No. 93-010, CI-8992, Series No. 022, File No. 05-212)

In our letter dated December 9, 2005, we informed you that the discharge of construction dewatering groundwater produced during the Lewis Road widening Project is regulated under Order No. 93-010, *General Waste Discharge Requirements for Specified Discharges to Groundwater in Santa Clara River and Los Angeles River Basins*.

In a letter dated March 23, 2010, you notified the Regional Board that the project was completed on March 13, 2008 and you requested termination of your enrollment under the WDR.

Since the project has been completed and groundwater dewatering is no longer necessary, enrollment under Order No. 93-010 for the facility is hereby terminated with the exception of enforcement under the terms of the permit.

If you have any questions, please contact the Project Manager, Ms. Dionisia Rodriguez, at (213) 620-6122 or the Unit Chief, Dr. Rebecca Chou at (213) 620-6156.

Sincerely,

Tracy J. Koscusko
