Dear Mr. Heffernan:

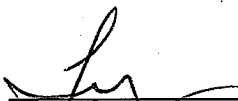

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—KB HOME, SEGMENT C OF THE TOWNHOMES AT THE RIVER, TRACT NO. 5353 RIVER STREET, FILLMORE (NPDES NO. CAG994004, CI—9002)

In our letter dated December 13, 2005, we informed you that the subject discharge is regulated under Order No. R4-2003-0111, *General NPDES and Waste Discharge Requirements for Groundwater Discharges from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, which also serves as your NPDES permit.

On February 29, 2008, you informed Regional Board staff that the above-referenced project was completed in December 2007. Since the NPDES permit is no longer necessary, you requested termination of your coverage under the above-referenced General NPDES permit. On June 26, 2008, our staff inspected the facility and verified that there is no discharge to the storm drain.

Since there is no discharge from the site to the Santa Clara River, coverage under Board Order No. R4-2003-0111 for the subject facility is hereby terminated except for enforcement purposes. Please note that if future discharges of groundwater to surface water becomes necessary, you must file a Report of Waste Discharge with this office and obtain Waste Discharge Requirements (WDRs) prior to discharging any groundwater from the site to surface waters. If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

Tracy J. Egoscue
Executive Officer
