Dr. Donald Kendall
Calleguas Municipal Water District
2100 Olsen Road
Thousand Oaks, CA 91360-6800

Dear Dr. Kendall:

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—CALLEGUAS MUNICIPAL WATER DISTRICT—WESTLAKE RESERVOIR REPLACEMENT/HYDROSTATIC TEST PROJECT, 1575 WINDY MOUNTAIN AVENUE, THOUSAND, CALIFORNIA (NPDES NO. CAG674001, CI-9013)

In our letter dated January 25, 2006, we informed you that the subject discharge is regulated under Order No. R4-2004-0109, *Waste Discharge Requirements for Discharges of Low Threat Hydrostatic Test Water to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on July 1, 2004, which also serves as your NPDES permit.

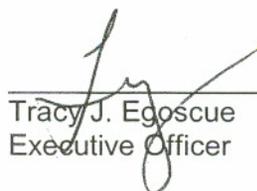

In your letter transmitting the *Third Quarter Monitoring Report* dated October 25, 2007, you informed Regional Board staff that the above-referenced project has been completed. Since the NPDES permit is no longer necessary, you requested termination of your coverage under the General NPDES permit. On March 6, 2008, Board staff inspected the project site and verified that there is no discharge to surface waters.

Since there is no discharge of groundwater from the project site, coverage under Board Order No. R4-2004-0109, General NPDES Permit No. CAG674001, for the subject site is hereby terminated except for enforcement purposes.

Please note that if future discharges of hydrostatic test water to surface waters or land become necessary, you must file a Report of waste Discharge with this Board and obtain waste discharge requirements.

If you have any questions, please contact Dr. James Tang at (213) 576-6696.

Sincerely,

Tracy J. Egoscue
Executive Officer
