Santa Paula, CA 92660

CERTIFIED MAIL  
RETURN RECEIPT REQUESTED  
CLAIM NO. 7002 0860 0004 5295 5188

Dear Ms. Wisehart:

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS – UNITED WATER CONSERVATION DISTRICT, J STREET AND PLEASANT VALLEY ROAD WATER PIPELINE REPAIR PROJECT, OXNARD, CALIFORNIA (NPDES NO. CAG994004, CI-9039)**

The subject discharge is regulated under Order No. R4-2003-0111, *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Discharges of Groundwater from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on August 7, 2003, which also serves as your NPDES permit.

We have reviewed your May 9, 2006, letter which requested termination of coverage under the General Permit. The letter indicated that this permit is no longer needed as the project was completed on May 4, 2006.

On June 29, 2006, Board staff inspected the project site and verified that the project is completed and there is no discharge of groundwater from the site to storm drain. Since there is no discharge of groundwater from the subject site, coverage under Board Order No. R4-2003-0111, General NPDES Permit No. CAG994004, for the subject site is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

ORIGINAL SIGNED BY

Jonathan S. Bishop  
Executive Officer
