CLAIM NO. 7001 1140 0000 1129 6081

Dear Mr. Scanlon:

COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS – GOLDEN STATE WATER COMPANY, ROSETON WELL SITE FILTRATION UNIT, 17456 ROSETON AVENUE, ARTESIA, CALIFORNIA (NPDES NO. CAG994003, CI-9043)

We have completed our review of your application for a permit to discharge waste under the National Pollutant Discharge Elimination System (NPDES). You propose to discharge up to 34,500 gallons per day (gpd) of filter backwash water from the above-referenced site.

Based on the information provided, the proposed discharge of filter backwash water meets the conditions to be regulated under General NPDES Permit No. CAG994003, Order No. R4-2004-0058, *Waste Discharge Requirements for Discharges of Nonprocess Wastewater to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on April 1, 2004.

Enclosed are your Waste Discharge Requirements, which also serve as your General NPDES Permit, consisting of Order No. R4-2004-0058 and revised Monitoring and Reporting Program No. CI-9043. The discharge limitations in Part E.1. of Order No. R4-2004-0058 are applicable to your discharge. Discharge from the project drains to the San Gabriel River between Firestone Boulevard and San Gabriel River Estuary. Therefore, the discharge limitations in Attachment B are not applicable to your discharge.

The Monitoring and Reporting Program requires you to implement the monitoring program on the effective date of coverage under Order No. R4-2004-0058. All monitoring reports should be sent to the Regional Board, ATTN: Information Technology Unit. When submitting monitoring or technical reports to the Regional Board per these requirements, please include a reference to "Compliance File No. CI-9043 and NPDES No. CAG994003", which will assure that the reports are directed to the appropriate file and staff. Also, please do not combine your discharge monitoring reports with other reports. Submit each type of report as a separate document.

In order to avoid future annual fees, please submit written notification when the project has been completed and the permit is no longer needed.
