**TERMINATION OF COVERAGE UNDER GENERAL WASTE DISCHARGE REQUIREMENTS
– RELIANT ENERGY ORMOND BEACH, LLC, 6635 SOUTH EDISON DRIVE, OXNARD,
CALIFORNIA (ORDER No. 93-010, FILE No. 06-099, CI No. 9096)**

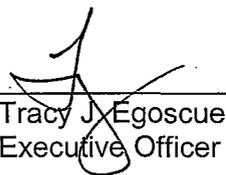

Dear Ms. Babcock:

We have received your letter dated December 12, 2008, requesting that we terminate your enrollment under the General Waste Discharge Requirements (WDR Order No. 93-010), for discharge of groundwater pumped during dewatering activities. In the letter, you indicated that the dewatering activities were performed on July 5, 2006. Regional Board staff conducted a field inspection on June 7, 2007 and verified that no discharges were occurring and that the project was completed.

Since you have completed the construction and dewatering and you no longer need the WDR, the coverage under Board Order No. 93-010, CI No. 9096 for the subject facility is hereby terminated.

If you have any questions, please contact Project Manager, Mr. Orlando Gonzalez, at (213) 620-2267 or Chief of Groundwater Permitting Unit, Dr. Rebecca Chou, at (213) 620-6156.

Sincerely,

Tracy J. Egoscue
Executive Officer
