Dear Dr. Kendall:

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—CALLEGUAS MUNICIPAL WATER DISTRICT—MOORPARK PUMP STATION HYDROSTATIC TEST PROJECT, 4766 MOORPARK ROAD, MOORPARK, CALIFORNIA (NPDES NO. CAG674001, CI-9143)**

In our letter dated August 2, 2006, we informed you that the subject discharge is regulated under Order No. R4-2004-0109, *Waste Discharge Requirements for Discharges of Low Threat Hydrostatic Test Water to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on July 1, 2004, which also serves as your NPDES permit.

We have received and reviewed your April 9, 2009, letter requesting termination of your coverage under the General Permit. The letter indicated that you have completed the subject project and that you have ceased discharging hydrostatic test water.

On April 29, 2009, Board staff inspected the project site and verified that there is no discharge of hydrostatic test water from the project site to the storm drain. Since there is no discharge of hydrostatic test water from the project site, coverage under Board Order No. R4-2004-0109, General NPDES Permit No. CAG674001, for the subject project is hereby terminated except for enforcement purposes.

Please note that if future discharge of any hydrostatic test water to surface water becomes necessary at the site, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Dr. James Tang at (213) 576-6696.

Sincerely,

  
Tracy J. Egoscue  
Executive Officer
