Governor

April 20, 2009

Ms. Annie Vellpradit, Property Manager
U.S. General Services Administration
312 N. Spring Street, Room 1020
Los Angeles, CA 90012

Dear Ms. Vellpradit:

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—JUNIPERO SERRA STATE BUILDING, 107 S. BROADWAY, LOS ANGELES, CALIFORNIA (NPDES NO. CAG994004, CI-9249)

The subject discharge is regulated under Order No. R4-2003-0111, *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Groundwater Discharges from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on August 7, 2003.

We have reviewed your December 23, 2008, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that you have completed demolition of the building at the above-referenced site and that the groundwater discharge from the subject site to the Los Angeles River has been ceased.

On April 15, 2009, Board staff inspected the project site and verified that there is no discharge of groundwater from the site to the Los Angeles River. Since there is no discharge of groundwater from the facility, coverage under Board Order No. R4-2003-0111, General NPDES Permit No. CAG994004, for the facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

Tracy J. Egoscue
Executive Officer

California Environmental Protection Agency

Our mission is to preserve and enhance the quality of California's water resources for the benefit of present and future generations.
