GOVERNOR

MATTHEW RODRIGUEZ
SECRETARY FOR
ENVIRONMENTAL PROTECTION

Los Angeles Regional Water Quality Control Board

November 19, 2018

Ms. Brandyn Hancocks
Golden State Water Company
3005 Gold Canal Drive,
Rancho Cordova, CA 95670

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—GOLDEN STATE WATER COMPANY, CHADRON FACILITY, 14401 SOUTH CHADRON AVENUE, HAWTHORNE, CALIFORNIA (NPDES NO. CAG834001, CI—9330)

Dear Ms. Hancocks:

In our letter dated May 2, 2014, we informed you that the subject discharge is regulated under Order No. Order No. R4-2013-0042, *Waste Discharge Requirements for Treated Groundwater and Other Wastewaters from Investigation and/or Cleanup of Petroleum Fuel-Contaminated Sites to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on March 7, 2013.

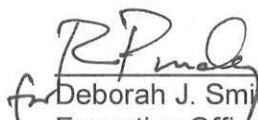

We have reviewed your September 6, 2018, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that the project was completed and that the subject NPDES permit is no longer needed.

On November 15, 2018, Board staff inspected the project site and verified that there is no discharge of treated wastewater from the facility to the storm drain. Since there is no discharge of wastewater from the project site, coverage under Board Order No. R4-2013-0042, General NPDES Permit No. CAG834001, CI-9330 for the facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of wastewater to surface water or land becomes necessary, you must file a Report of Waste Discharge with this office and obtain appropriate Waste Discharge Requirements (WDRs) prior to discharging any groundwater from the site to surface waters or land.

If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

for Deborah J. Smith
Executive Officer
