Ms. Jacqueline McGinnis
Chevron Products Company
145 S. State College Boulevard, Suite 400
Brea, CA 92822

Dear Ms. McGinnis:

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—CHEVRON PRODUCTS COMPANY—CHEVRON SERVICE STATION NO. 20-2019 HYDROSTATIC TESTING PROJECT, 3633 N. SEPULVEDA BOULEVARD, MANHATTAN BEACH, CALIFORNIA (NPDES NO. CAG674001, CI-9349)

In our letter dated November 19, 2007, we informed you that the subject discharge is regulated under Order No. R4-2004-0109, *Waste Discharge Requirements for Discharges of Low Threat Hydrostatic Test Water to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on July 1, 2004, which also serves as your NPDES permit.

We have received and reviewed your February 11, 2008, monitoring report where-in you requested termination of your coverage under the General Permit because the subject project was completed in December 2007.

On August 17, 2009, Board staff inspected the project site and verified that there is no discharge of hydrostatic test water from the subject site to the storm drain. Since there is no discharge of hydrostatic test water from the site, coverage under Board Order No. R4-2004-0109, General NPDES Permit No. CAG674001, for the subject facility is hereby terminated except for enforcement purposes.

Please note that if future discharge of any hydrostatic test water to surface water become necessary at the site, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Dr. James Tang at (213) 576-6696.

Sincerely,

Tracy J. Egoscue
Executive Officer

California Environmental Protection Agency
