

Los Angeles Regional Water Quality Control Board

June 28, 2012

Mr. Mark J. Sedlacek
City of Los Angeles Department of Water and Power
111 North Hope Street, Room 1213
Los Angeles, CA 90012

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—CITY OF LOS ANGELES DEPARTMENT OF WATER AND POWER, MWD-LA 29 CONNECTION MODIFICATION HYDROSTATIC TEST PROJECT, SUNSET BOULEVARD AND CHURCH LANE, LOS ANGELES, CALIFORNIA (NPDES NO. CAG674001, CI—9370)

Dear Mr. Sedlacek:

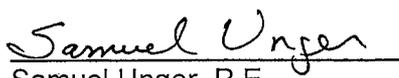

In our letter dated October 14, 2009, we informed you that the subject discharge is regulated under Order No. R4-2009-0068, *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Discharges of Low Threat Hydrostatic Test Water to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, which also serves as your NPDES permit.

On June 1, 2012, you informed Regional Board staff that the above-referenced project was completed on August 15, 2011. Since the NPDES permit is no longer necessary, you requested termination of your coverage under the above-referenced General NPDES permit.

On June 19, 2012, staff inspected the project site and verified that there is no discharge to the storm drain. Since there is no discharge from the site to the storm drain, coverage under Board Order No. R4-2009-0068 for the subject facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface water becomes necessary, you must file a Report of Waste Discharge with this office and obtain Waste Discharge Requirements (WDRs) prior to discharging any groundwater from the site to surface waters.

If you have any questions, please contact Vilma Correa at (213) 576-6794.
Sincerely,

Samuel Unger, P.E.
Executive Officer
