Dear Dr. Kendall:

COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS—CALLEGUAS MUNICIPAL WATER DISTRICT—HUENEME OUTFALL REPLACEMENT HYDROSTATIC TEST PROJECT, PORT HUENEME BEACH PARK AND POINT MUGU, PORT HUENEME, CALIFORNIA (NPDES NO. CAG674001, CI-9394)

We have completed our review of your application for a permit to discharge waste under the National Pollutant Discharge Elimination System (NPDES).

Based on the attached Fact Sheet and other information provided, the proposed discharge of hydrostatic testing water meets the conditions to be regulated under Order No. R4-2004-0109, *Waste Discharge Requirements for Discharges of Low Threat Hydrostatic Test Water to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties (General NPDES Permit No. CAG674001)*, adopted by this Board on July 1, 2004.

Enclosed are your Waste Discharge Requirements, which also serve as your General NPDES Permit, consisting of Order No. R4-2004-0109 and Monitoring and Reporting Program No. CI-9394. The discharge limitations in Section E of Order No. R4-2004-0109 are applicable to your discharge. Discharge from the project drains to Miscellaneous Ventura Coastal Streams. Therefore, the discharge limitations in Attachment B are not applicable to your discharge.

The Monitoring and Reporting Program requires you to implement the monitoring program on the effective date of coverage under Order No. R4-2004-0109. All monitoring reports should be sent to the Regional Board, ATTN: Information Technology Unit. When submitting monitoring or technical reports to the Regional Board per these requirements, please include a reference to "Compliance File No. CI-9394 and NPDES No. CAG674001", which will assure that the reports are directed to the appropriate file and staff. Also, please do not combine your discharge monitoring reports with other reports. Submit each type of report as a separate document.

To avoid paying future annual fees, please submit written request for termination of your enrollment under the general permit in a separate letter, when your project has been completed and the permit is no longer needed. Beware that the annual fee covers the fiscal year billing period beginning July 1 and ending June 30, the following year. You will pay full annual fee if your request for termination is made after the beginning of new fiscal year beginning July 1.
