Santa Ana, CA 92704

**TERMINATION OF GENERAL WASTE DISCHARGE REQUIREMENTS FOR FORMER 76  
TEXACO STATION 2535 AT 4069 NORTH LAKEWOOD BOULEVARD, LONG BEACH,  
CALIFORNIA (ORDER NO. R4-2007-0019, SERIES NO. 052; CI NO. 9399)**

Dear Mr. Bewley:

In our letter dated April 2, 2008, we informed you that the subject discharge is regulated under Order No. R4-2007-0019, (Series No. 052), which specifies your Waste Discharge Requirements (WDR).

In a letter dated March 16, 2011, you notified the Regional Board that you ceased oxygen release compound injection for this site and that you requested termination of the WDR.

Because the ongoing remediation does not plan to continue to inject oxygen release compound, you no longer need the WDR. The coverage under Board Order No. R4-2007-0019, (Series No. 052), for the subject facility is hereby terminated with the exception of enforcement under the term of the permit.

If you have any questions, please contact the Project Manager, Mr. Ahmad Lamaa, at (213)576-6716 or the Unit Chief of Groundwater Permitting, Dr. Eric Wu, at (213) 576-6683.

Sincerely,

  
Samuel Unger, P.E.  
Executive Officer
