West Covina, CA 91791

**TERMINATION OF GENERAL WASTE DISCHARGE REQUIREMENTS - FORMER  
CRENSHAW COLLISION CENTER, 6530 CRENSHAW BOULEVARD, LOS ANGELES,  
CALIFORNIA (ORDER NO. R4-2007-0019, SERIES NO. 074; CI NO. 9440)**

Dear Mr. Kim and Ms. Wilson:

In our letter dated November 18, 2008, we informed you that the subject discharge is regulated under Order No. R4-2007-0019, (Series No. 074), which specifies your Waste Discharge Requirements (WDR).

In a letter dated February 23, 2011, you notified the Regional Board that you ceased oxygen release compound injection for this site and that you requested termination of the WDR.

Because the ongoing remediation does not plan to continue to inject oxygen release compound, you no longer need the WDR. The coverage under Board Order No. R4-2007-0019, (Series No. 074), for the subject facility is hereby terminated with the exception of enforcement under the term of the permit.

If you have any questions, please contact the Project Manager, Ms. Chandra Cansler-Tyler, at (213)576-6728 or the Unit Chief of Groundwater Permitting, Dr. Eric Wu, at (213) 576-6683.

Sincerely,

Samuel Unger, P.E.  
Executive Officer
