**TERMINATION OF COVERAGE UNDER GENERAL WASTE DISCHARGE REQUIREMENTS

CALIFORNIA (ORDER NO. R4-2007-0019, SERIES NO. 086, CI-9482, GLOBAL ID.

Dear Mr. Grover,

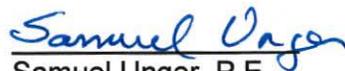

On January 16, 2009, this Regional Water Quality Control Board (Regional Board) informed you that the subject discharge is regulated under Regional Board Order No. R4-2007-0019, which specifies your Waste Discharge Requirements (WDR).

In a letter dated December 23, 2013, you notified the Regional Board that you ceased injection of Fenton's reagent at the subject site and requested termination of the WDR.

Since Circle K Stores Inc. has no plan to inject Fenton's reagent in the future, the coverage for the subject facility under Regional Board Order No. R4-2007-0019 is hereby terminated, with the exception of enforcement under the terms of the permit.

If you have any questions, please contact the Project Manager, Dr. Ann Chang at (213) 620-6122 (achang@waterboards.ca.gov), or the Chief of Groundwater Permitting Unit, Dr. Eric Wu at (213) 576-6683 (ewu@waterboards.ca.gov).

Sincerely,
