4100 Guardian Street, Suite 101
Simi Valley, CA 93063

Dear Ms. Payne:

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—T MOBILE—UNDERGROUND VAULT INSTALLATION PROJECT, 3702 SOUTH J STREET, OXNARD, CALIFORNIA (NPDES NO. CAG994004, CI-9492)

In our letter dated March 26, 2009, we informed you that the subject discharge is regulated under Order No. R4-2003-0111, *Waste Discharge Requirements for Discharges of Groundwater From Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on August 7, 2003, which also serves as your NPDES permit.

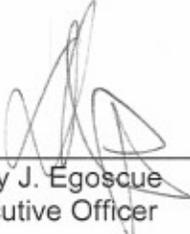

We have received and reviewed the June 22, 2009, letter from your consultant, VCI Telcom, Inc., requesting termination of your coverage under the General Permit. The letter indicated that the construction project was completed. Therefore, the subject general permit is no longer needed.

On June 24, 2009, Board staff inspected the project site and verified that there is no discharge of groundwater from the subject project site to the storm drain. Since there is no discharge of groundwater from the site, coverage under Board Order No. R4-2003-0111, General NPDES Permit No. CAG994004, for the subject project is hereby terminated except for enforcement purposes.

Please note that if future discharge of any groundwater to surface water becomes necessary at the project site, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Dr. James Tang at (213) 576-6696.

Sincerely,

Tracy J. Egoscue
Executive Officer

Chief Deputy E.O.
