
Los Angeles Regional Water Quality Control Board

June 22, 2021

Susan Salinas
Environmental Remediation Projects Manager
Teleflex Incorporated
3085 Old Conejo Rd.
Newbury Park, CA 91320

Dear Ms. Salinas:

TRANSMITTAL OF WASTE DISCHARGE REQUIREMENTS (WDRS) AND NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT - TFX AVIATION INC., FACILITY, NEWBURY PARK, CALIFORNIA (NPDES NO. CA0064599, CI NO. 9544)

On May 28, 2021, the Los Angeles Regional Water Quality Control Board (Los Angeles Water Board) transmitted the revised tentative Waste Discharge Requirements (WDRs) and National Pollutant Discharge Elimination System (NPDES) permit for TFX Aviation Inc. Pursuant to Division 7 of the Water Code, the Los Angeles Water Board at a public hearing held on June 10, 2021, reviewed the revised tentative requirements, considered all factors in the case, and adopted Order No. R4-2021-0098. Order No. R4-2021-0098 serves as an NPDES permit, and it expires on July 31, 2026. Section 13376 of the Water Code requires that an application/Report of Waste Discharge for a new permit be filed at least 180 days before the expiration date.

You are required to implement the attached Monitoring and Reporting Program (MRP) on the effective date (August 1, 2021) of Order No. R4-2021-0098. Table E-6 on page E-18 of the Monitoring and Reporting Plan (Attachment E) provides details regarding the monitoring periods and reporting schedule. Your first monitoring report for the period of July 1 through September 30, 2021, is due by November 1, 2021.

Order No. R4-2021-0098 (pages 15-16, and E-20) requires you to submit the following documents to the Regional Water Board no later than 90 days after its effective date (by August 1, 2021):

- Updated Initial Investigation Toxicity Reduction Evaluation (TRE) Workplan
- Updated Storm Water Pollution Prevention Plan (SWPPP)
- Updated Best Management Practices Plan (BMPP)
- Updated Spill Contingency Plan (SCP)

In addition, Order No. R4-2021-0098 (pages 16 and E-20) requires you to submit a Climate Change Effects Vulnerability Assessment and Mitigation Plan to the Regional Water Board no later than 12 months after its effective date (August 1, 2021).

Please electronically submit Self-Monitoring Reports (SMR's) using the State Water Resource Control Board's California Integrated Water Quality System (CIWQS) Program web site (<http://www.waterboards.ca.gov/ciwqs/index.html>). The CIWQS web site will provide additional information for SMR submittal in the event there is a planned service interruption for electronic submittal. Also, please do not combine other reports with your monitoring reports. Submit each type of report as a separate document and please include a reference to Compliance File CI-9544 and NPDES No. CA0064599, which will assure that the reports are directed to the appropriate file and staff.

If you have any questions, please contact Rosario Aston at (213) 576-6653 or at Rosario.Aston@waterboards.ca.gov.

Sincerely,
