**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—SHELL SERVICE STATION, MARINA SHELL, 4770 LINCOLN BOULEVARD, MARINA DEL REY, CALIFORNIA (CAG674001, CI—9564)**

Dear Mr. Ferrandino:

In our letter dated November 25, 2009, we informed you that the subject discharge is regulated under Order No. R4-2009-0068, *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Discharges of Low Threat Hydrostatic Test Water to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, which also serves as your NPDES permit.

On January 18, 2010, you informed Regional Board staff that the above-referenced project was completed in December 2009 and the subject NPDES permit is no longer needed.

On March 16, 2010, Board staff inspected the facility and verified that there is no discharge of hydrostatic water to the storm drain. Since there is no discharge from the site to the storm drain, coverage under Board Order No. R4-2009-0068 for the subject facility is hereby terminated except for enforcement purposes. Please note that if future discharges of hydrostatic test water to surface water becomes necessary, you must file a Report of Waste Discharge with this office and obtain Waste Discharge Requirements (WDRs) prior to discharging any hydrostatic test water from the site to surface waters.

If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

  
Tracy J. Egoscue  
Executive Officer
