### ORDER FOR TERMINATION OF WASTE DISCHARGE REQUIREMENTS CERRITOS BAHIA MARINA MAINTENANCE DREDGING PROJECT (FILE NO. 09-164)

Dear Mr. Holcombe:

Reference is made to our letter of December 11, 2012, which transmitted a copy of a tentative order for termination of Order No. R4-2011-0180 for dredging of the Cerritos Bahia Marina (File No. 09-164). Enclosed is a copy of the final order for termination of these waste discharge requirements.

In accordance with the California Water Code, this Board, at a public meeting held on February 7, 2013, at 9:00 a.m., at the City of Culver City Council Chambers, located at 9770 Culver Blvd., Culver City, California, reviewed the tentative order, considered all factors in the case and adopted Order No. R4-2013-0020.

Should you have any questions, please telephone me at (213) 576-6718.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Michael Lyons".

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD, LOS ANGELES REGION

ORDER NO. R4-2013--0020

TERMINATING WASTE DISCHARGE REQUIREMENTS  
FOR DISCHARGES TO LAND/GROUNDWATER

The California Regional Water Quality Control Board, Los Angeles Region (Regional Board) finds:

1. This Regional Board adopted Order No. R4-2011-0180 for the Cerritos Bahia Marina Maintenance Dredging Project on November 10, 2011. These revised Waste Discharge Requirements (WDRs) authorized dredging of up to 26,867 cubic yards of material to deepen the marina to -6 feet mean lower low water. The dredged material was reused as daily cover at the Alpha Olinda Landfill in Brea, California.
2. Cerritos Bahia Marina notified this Regional Board on November 8, 2012, that the dredging and disposal operations associated with the Maintenance Dredging Project had been completed and requested termination of the WDRs. Regional Board staff has verified that this facility has discontinued discharging waste.
3. The Regional Board finds that the requirements in the aforementioned WDRs are no longer applicable and should be terminated, except for enforcement purposes.
4. The termination of WDRs is exempt from the provision of Chapter 3 (commencing with Section 21100), Division 13, Public Resources Code, in accordance with Water Code Section 13389.

This Regional Board has notified the Discharger and interested agencies and persons of its intent to consider termination of Order No. R4-2011-0180 and has provided them with an opportunity to submit their written views and recommendations. This Regional Board, in a public hearing, heard and considered all comments and testimony pertinent to the Termination Order.

The Executive Officer of this Regional Board, is authorized, and he is hereby directed, to certify and submit copies of this Order to the Discharger, and to such individuals and governmental agencies as may have need therefore, or may request same.

I, Samuel Unger, Executive Officer, do hereby certify that the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Los Angeles Region on February 7, 2013.

  
Samuel Unger, P.E.  
Executive Officer
