

Los Angeles Regional Water Quality Control Board

December 15, 2014

Ms. Katherine Rubin
City of Los Angeles, Department of Water and Power
111 North Hope Street, Room 1213
Los Angeles, CA 90012

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—CITY OF LOS ANGELES, DEPARTMENT OF WATER AND POWER—TERMINAL HILL TUNNEL AND SHAFT PROJECT, 17011 FOOTHILL BOULEVARD, LOS ANGELES, CALIFORNIA (NPDES NO. CAG994004, CI—9635)

Dear Ms. Rubin

In our letter dated January 13, 2011, we informed you that the subject discharge is regulated under under Order No. R4-2008-0032, General NPDES and Waste Discharge Requirements for *Groundwater of Discharges from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 5, 2008.

We have received your May 21, 2012, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that construction project has been completed and the permit is no longer needed. Regional Board staff has inspected the facility and verified that there is no discharge to the stormdrain. Since there is no discharge from the site to the stormdrain, coverage under Board Order No. R4-2008-0032 for the subject facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface water becomes necessary, you must file a Report of Waste Discharge with this office and obtain Waste Discharge Requirements (WDRs) prior to discharging any groundwater from the site to surface waters.

If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

Samuel Unger, P.E.
Executive Officer
