

EDMUND G. BROWN JR.  
GOVERNOR

MATTHEW RODRIGUEZ  
SECRETARY FOR  
ENVIRONMENTAL PROTECTION

---

**Los Angeles Regional Water Quality Control Board**

April 24, 2018

Ms. Kathryn Gleeson  
Manager Environmental Services  
Paramount Petroleum Corporation  
14700 Downey Avenue  
Paramount, CA 90723

**EXPIRATION OF WASTE DISCHARGE REQUIREMENTS – GX-145 PIPELINE RELEASE AREA, 18900 BLOCK OF SANTA FE AVENUE AT COMPTON CREEK, RANCHO DOMINGUEZ, CA (FILE NO. 98-135, ORDER NO. R4-2011-0089, CI NO. 9643, GLOBAL ID WDR00000416)**

Dear Ms. Gleeson:

On May 5, 2011, the California Regional Water Quality Control Board, Los Angeles Region (Regional Board), informed you that the subject discharge is regulated under Regional Board Order No. R4-2011-0089 (Order), which specifies your Waste Discharge Requirements (WDRs).

In a letter dated March 22, 2018 from Mr. D'Sa of Burns and McDonnell on behalf of Paramount Petroleum Corporation, you notified the Regional Board that no WDR-permitted discharge has been conducted since 2012 and requested termination of the WDR immediately. In addition, according to the Regional Board's records, no Report of Waste Discharge has been filed since issuance of the Order on May 5, 2011 for the issuance of new waste discharge requirements.

Please note that the Order expired on May 5, 2016 (See Order, p. 7). Therefore, there is no need to terminate an Order that has already expired.

If you have any questions, please contact the Project Manager, Mr. Peter Raftery at (213) 620-6156 ([Peter.Raftery@waterboards.ca.gov](mailto:Peter.Raftery@waterboards.ca.gov)), or the Chief of Groundwater Permitting Unit, Dr. Eric Wu at (213) 576-6683 ([Eric.Wu@waterboards.ca.gov](mailto:Eric.Wu@waterboards.ca.gov)).

Sincerely,

Deborah J. Smith  
Executive Officer
