**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE
ELIMINATION SYSTEM (NPDES) PERMIT—CITY OF CERRITOS, WELL NO. C-1, 12701
ARTESIA BOULEVARD, CERRITOS, CALIFORNIA (NPDES NO. CAG994005, CI—9657)**

Dear Mr. Emig:

The subject discharge is regulated under Order No. R4-2003-0108, *General NPDES and Waste Discharge Requirements for Groundwater Discharges from Potable Water Supply Wells to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on August 7, 2003.

We have reviewed your July 21, 2011, letter which requested termination of your coverage under the General NPDES permit. The letter indicated that you have completed the project and that you have stopped the groundwater discharge to the storm drain.

As indicated to you in our August 2, 2011, correspondence Regional Board staff has conducted and completed the compliance history review for your facility. Based on the review, no outstanding mandatory minimum penalty violation exist for your facility. Therefore, your permit has been cleared for termination.

On October 5, 2011, Board staff inspected the project site and verified that there is no discharge of groundwater from the facility to the storm drain. Since there is no discharge of groundwater from the facility, coverage under Board Order No. R4-2003-0108, General NPDES Permit No. CAG994005, for the facility is hereby terminated.

Please note that if future discharges of groundwater to surface water or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

Samuel Unger, P.E.
Executive Officer
