

EDMUND G. BROWN JR.  
GOVERNOR

MATTHEW RODRIGUEZ  
SECRETARY FOR  
ENVIRONMENTAL PROTECTION

## Los Angeles Regional Water Quality Control Board

February 7, 2014

Mr. Randy Craig, Plant Facilities Director  
Los Angeles Southwest College  
1600 West Imperial Highway  
Los Angeles, CA 90047

Dear Mr. Craig:

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS—LOS ANGELES COMMUNITY COLLEGE DISTRICT, LOS ANGELES SOUTHWEST COLLEGE, 1600 WEST IMPERIAL HIGHWAY, LOS ANGELES, CALIFORNIA (NPDES NO. CAG674001, CI-9703)**

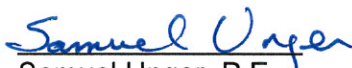

The subject discharge is regulated under Order No. Order No. R4-2009-0068, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Low Threat Hydrostatic Test Water to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 4, 2009.

We have reviewed your September 16, 2013, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that hydrostatic test has been completed, and the permit is no longer needed. On January 28, 2014, Board staff inspected the project site and verified that there is no discharge of groundwater from the project site to the storm drain system. Since there is no discharge of groundwater from the site, coverage under Board Order R4-2009-0068, General NPDES Permit No. CAG674001, CI-9703 for the facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

  
Samuel Unger, P.E.  
Executive Officer
