

Los Angeles Regional Water Quality Control Board

May 22, 2013

Mr. Dale Gonzales
Environmental Manager
California Water Service Company
1720 North First Street
San Jose, CA 95112

Dear Mr. Gonzales:

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS—CALIFORNIA WATER SERVICE COMPANY, PALOS VERDES DRIVE EAST & CROWN VIEW DRIVE, RANCHO PALOS VERDES, CALIFORNIA (NPDES NO. CAG674001, CI-9757)

The subject discharge is regulated under Order No. R4-2009-0068, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Low Threat Hydrostatic Test Water to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 4, 2009.

We have reviewed your February 15, 2013, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that hydrostatic test has been completed and the permit is no longer needed. On May 21, 2013, Board staff inspected the project site and verified that there is no discharge of groundwater from the project site to the storm drain. Since there is no discharge of groundwater from the site, coverage under Board Order R4-2009-0068, General NPDES Permit No. CAG674001, CI-9757 for the facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

Samuel Unger, P.E.
Executive Officer
