Dear Mr. Cannon,

On January 20, 2012, this Regional Water Quality Control Board (Regional Board) informed you that the subject discharge is regulated under Regional Board Order No. R4-2007-0019 which specifies your Waste Discharge Requirements (WDR).

In the letter dated May 3, 2013, you notified the Regional Board that you ceased injection of RegenOx at the subject site and that you requested termination of the WDR.

Since the Port of Los Angeles has no plan to inject RegenOx in the future, the coverage for the subject facility, under Regional Board Order No. R4-2007-0019, is hereby terminated with the exception of enforcement under the terms of the permit.

If you have any questions, please contact the Project Manager, Dr. Ann Chang at (213) 620-6122 (achang@waterboards.ca.gov), or the Chief of Groundwater Permitting Unit, Dr. Eric Wu at (213) 576-6683 (ewu@waterboards.ca.gov).
