
Los Angeles Regional Water Quality Control Board

August 25, 2017

Mr. Robert Brager
City of Malibu
Department of Public Works
23825 Stuart Ranch Road
Malibu, CA 90265-2489

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—CITY OF MALIBU—MALIBU ROAD GROUNDWATER WELL PROJECT, 23762 MALIBU ROAD, MALIBU, CALIFORNIA (NPDES NO. CAG994005, CI—9778)

Dear Mr. Brager:

In our letter dated December 12, 2011, we informed you that the subject discharge is regulated under Order No. R4-2003-0108, *General NPDES and Waste Discharge Requirements for Groundwater Discharges from Potable Water Supply Wells to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on August 7, 2003.

We have reviewed your August 15, 2017, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that the Groundwater Well project was completed and that the subject NPDES permit is no longer needed. Since the NPDES permit is no longer necessary, your coverage under the Board Order No. R4-2003-00108, General NPDES Permit No. CAG994005, CI-9778 for the facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of wastewater to surface water or land becomes necessary, you must file a Report of Waste Discharge with this office and obtain appropriate Waste Discharge Requirements (WDRs) prior to discharging any groundwater from the site to surface waters or land.

If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

Samuel Unger, P.E.
Executive Officer
