TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS—CATHAY BANK, CABRILLO MARINA FUEL DOCK, 210 WHALERS WALK, SAN PEDRO, CALIFORNIA (NPDES NO. CAG994004, CI—9844)

Dear Ms. Chang:

In our letter dated June 4, 2014, we informed you that the subject discharge was regulated under Order No. R4-2013-0095, *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Groundwater Discharges from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 6, 2013.

We have reviewed your May 4, 2016, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that the groundwater cleanup operation is on hold, the treatment system is no longer active and the permit is no longer needed.

On October 31, 2016, Board staff inspected the project site and verified that there is no discharge of groundwater from the cleanup project to the storm drain. Since there is no discharge of groundwater from the facility, coverage under Board Order No. R4-2013-0095, General NPDES Permit No. CAG994004, CI-9844 for the facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface water or land becomes necessary, you must file a Report of Waste Discharge with this office and obtain appropriate Waste Discharge Requirements (WDRs) prior to discharging any groundwater from the site to surface waters or land.

Ms. Angela Chang
Cathay Bank
(Cabrillo Marina Fuel Dock)
