

EDMUND G. BROWN JR.  
GOVERNOR

MATTHEW RODRIGUEZ  
SECRETARY FOR  
ENVIRONMENTAL PROTECTION

---

**Los Angeles Regional Water Quality Control Board**

December 15, 2014

Mr. Robert Brager, Public Works Director  
City of Malibu  
23825 Stuart Ranch Road  
Malibu, CA 90265-4861

**TERMINATION OF GENERAL WASTE DISCHARGE REQUIREMENTS FOR AQUIFER STORAGE AND RECOVERY (ASR) PROJECTS THAT INJECT DRINKING WATER INTO GROUNDWATER FOR CITY OF MALIBU, MALIBU, CA (FILE NO. 13-068, ORDER NO. 2012-0010-DWQ, CI-9949, GEOTRACKER GLOBAL ID NO. 100011894)**

Dear Mr. Brager:

Our letter dated June 20, 2013, we informed you that the City of Malibu's (City's) ASR Pilot Injection Testing Project (ASR Project) is regulated under Order No. 2012-0010-DWQ, which specifies your Waste Discharge Requirements.

RMC Water and Environment on behalf of the City conducted a short-term testing, which injected potable water, between June 20, 2013 and August 27, 2013, into the underlying Malibu Groundwater Basin at three locations within the Civic Center area of the City. This ASR Project was to gain site specific data necessary for designing an injection of tertiary-treated wastewater produced at the City's proposed Malibu Civic Center Wastewater Treatment Facility in the future. On December 2, 2014, you submitted the termination request letter for the ASR Project, which had been completed.

Since the ASR Project had been completed and no longer injects any water into aquifers, the coverage under Order No. 2012-0010-DWQ, File No. 13-068, and CI-9949 for the City are hereby terminated.

If you have any questions concerning this letter, please contact Dr. Don Tsai at (213) 620-2264 ([don.tsai@waterboards.ca.gov](mailto:don.tsai@waterboards.ca.gov)) or the Chief of Groundwater Permitting Unit, Dr. Eric Wu at (213) 576-6683 ([eric.wu@waterboards.ca.gov](mailto:eric.wu@waterboards.ca.gov)).

Sincerely,

  
Samuel Unger, P.E.  
Executive Officer
