

Los Angeles Regional Water Quality Control Board

February 14, 2014

Mr. Tam Bui
Chevron Montebello Terminal
601 South Vail Avenue,
Montebello, CA 90640

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—CHEVRON MONTEBELLO TERMINAL—MONTEBELLO TERMINAL HYDROSTATIC TEST PROJECT, 601 SOUTH VAIL AVENUE, MONTEBELLO, CALIFORNIA (NPDES NO. CAG674001, CI—9967)

Dear Mr. Bui:

In our letter dated August 12, 2013, we informed you that the subject discharge is regulated under Order No. R4-2009-0068, *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Discharges of Low Threat Hydrostatic Test Water to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 4, 2009.

On December 17, 2013, you informed Regional Board staff that the above-referenced project was completed and the subject NPDES permit is no longer needed. Since the NPDES permit is no longer necessary, you requested termination of your coverage under the above-referenced General NPDES permit.

On February 12, 2014, staff inspected the facility and verified that there is no discharge of hydrostatic water to the storm drain. Since there is no discharge from the site to the storm drain, coverage under Board Order No. No. R4-2009-0068, General NPDES Permit No. CAG674001, CI-9967 for the facility is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface water becomes necessary, you must file a Report of Waste Discharge with this office and obtain Waste Discharge Requirements (WDRs) prior to discharging any groundwater from the site to surface waters.

If you have any questions, please contact Vilma Correa at (213) 576-6794.

Sincerely,

Samuel Unger, P.E.
Executive Officer
