

## Los Angeles Regional Water Quality Control Board

July 2, 2015

Mr. David Harris  
Phillips 66 Company  
3900 Kilroy Airport Way, Suite 210  
Long Beach, CA 90806

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS- PHILLIPS 66 COMPANY, 42-INCH ABANDONED PIPELINE REMOVAL, GERALD DESMOND BRIDGE PROJECT, PIER S LANE, LONG BEACH, CALIFORNIA (NPDES NO. CAG994004, CI-9994)**

Dear Mr. Harris:

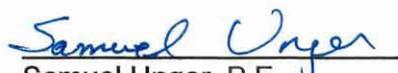

In our letter dated November 4, 2013, we informed you that the subject discharge is regulated under Order No. R4-2013-0095, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Groundwater from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, (General NPDES Permit No. CAG994004), which also serves as your NPDES permit.

On June 22, 2015, you informed the Regional Board that dewatering activities were not necessary during the construction project and no groundwater was discharged to surface waters. Since the NPDES permit is no longer necessary, you requested termination of coverage under the above-referenced General NPDES permit.

Since the NPDES permit is no longer needed, coverage under Board Order R4-2013-0095 for the subject site is hereby terminated, except for enforcement purposes. Please note that if future discharges of groundwater to surface water or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate Waste Discharge Requirements.

If you have any questions, please contact Alex Carlos at 213-576-6726.

Sincerely,

  
Samuel Unger, P.E.  
Executive Officer

Mr. David Harris  
Phillips 66 Company
