Attn: Renee Purdy

Dear Ms. Purdy:

### UPPER LOS ANGELES RIVER WATERSHED MANAGEMENT GROUP JUNE 2016 SEMI-ANNUAL MONITORING DATA SUBMITTAL

The City of Los Angeles, on behalf of the Upper Los Angeles River Watershed Management Group (ULARWMG), which also includes the cities of Alhambra, Burbank, Calabasas, Glendale, Hidden Hills, La Cañada Flintridge, Montebello, Monterey Park, Pasadena, Rosemead, San Gabriel, San Marino, South El Monte, South Pasadena, Temple City and the County of Los Angeles and Los Angeles County Flood Control District, is submitting this Semi-Annual Report for the ULARWMG Coordinated Integrated Monitoring Program (CIMP) consistent with the requirements of Order No. R4-2012-0175 Attachment E, Monitoring and Reporting Program (MRP) - No. CI 6948 Section XIV.L. The ULARWMG's CIMP was conditionally approved on August 5, 2015. Commencement of implementation of the CIMP was required within 90 days of approval (i.e., no later than November 3, 2015).

As per Part IV.C.8 of the MRP, monitoring requirements pursuant to Order No. 01-182 and Monitoring and Reporting Program CI 6948, and pursuant to approved total maximum daily load (TMDL) monitoring plans identified in Table E-1 of the MRP remained in effect until the Executive Officer of the Los Angeles Regional Water Quality Control Board (Regional Board) approved the CIMP. As such, the monitoring data submitted as part of this Semi-Annual Monitoring Report corresponds to monitoring completed under both pre- and post-CIMP monitoring programs as follows:

*zero waste • one water*

AN EQUAL EMPLOYMENT OPPORTUNITY - AFFIRMATIVE ACTION EMPLOYER

Recyclable and made from recycled waste

- Pre-CIMP approval monitoring included monthly monitoring prior to CIMP approval to meet the requirements of the Los Angeles River Metals TMDL Coordinated Monitoring Plan (LAR Metals TMDL CMP).
- Post-CIMP approval monitoring included receiving water and stormwater outfall-based monitoring.

The attached electronic spreadsheet meets the requirements of the MRP Section XIV.L to submit monitoring results from each receiving water and outfall-based monitoring station that highlight any exceedances of applicable receiving water limitations (RWLs), water quality-based effluent limitations (WQBELs), action levels, or aquatic toxicity thresholds, including the corresponding sampling dates.

If you have any questions regarding our submittal, please contact me at [Shahram.Kharaghani@lacity.org](mailto:Shahram.Kharaghani@lacity.org) (213) 485-0587.

Sincerely,

SHAHRAM KHARAGHANI, PhD, PE, BCEE  
Program Manager
