Mr. Samuel Unger, Executive Officer  
California Regional Water Quality Control Board  
Los Angeles Region  
320 West 4<sup>th</sup> Street, Suite 200  
Los Angeles, CA 90013

Attention: Renee Purdy

Dear Ms. Purdy:

### **DOMINGUEZ CHANNEL WATERSHED MANAGEMENT AREA GROUP JUNE 2017 SEMI-ANNUAL MONITORING DATA SUBMITTAL**

The City of Los Angeles, on behalf of the Dominguez Channel Watershed Management Area Group (DCWMAG), which also includes the Cities of Carson, El Segundo, Hawthorne, Inglewood, Lawndale, and Lomita as well as the County of Los Angeles and the Los Angeles County Flood Control District, is submitting this Semi-Annual Report for the Dominguez Channel Watershed Coordinated Integrated Monitoring Program (CIMP) consistent with the requirements of Order No. R4-2012-0175 Attachment E, Monitoring and Reporting Program (MRP) - No. CI 6948. The monitoring data submitted as part of this Semi-Annual Monitoring Report correspond to monitoring completed under the CIMP and the Los Angeles Harbor Bacteria TMDL monitoring programs as follows:

- CIMP monitoring included receiving water and stormwater outfall-based monitoring; however, because Machado Lake is undergoing rehabilitation, monitoring within Machado Lake was not performed during this time period and will not continue until the lake rehabilitation is completed.
- Los Angeles Harbor Bacteria TMDL monitoring included monitoring at sites CB1, CB2 and HW07.

*zero waste • one water*

AN EQUAL EMPLOYMENT OPPORTUNITY - AFFIRMATIVE ACTION EMPLOYER

Recyclable and made from recycled waste

The attached electronic spreadsheet includes the data from the CIMP monitoring program, as well as presents the Los Angeles Harbor Bacteria TMDL data, to meet the requirements of MRP Section XIV.L to submit monitoring results from each receiving water or outfall-based monitoring station. The attached Portable Document Format (PDF) files include aquatic toxicity data from the CIMP monitoring program. Given the CIMP data have not been previously submitted, to meet the requirements of MRP Section XIV.L, any exceedances of applicable receiving water limitations (RWLs), water quality-based effluent limitations (WQBELs), action levels, or aquatic toxicity thresholds are highlighted in the attached spreadsheet and PDF files, including the corresponding sampling dates.

If you have any questions regarding our comments, please contact me at [Shahram.Kharaghani@lacity.org](mailto:Shahram.Kharaghani@lacity.org) or (213) 485-0587.

Sincerely,

SHAHRAM KHARAGHANI, PhD, PE, BCEE  
Program Manager
