**Subject:** Semi-Annual Annual Report Monitoring Report

---

Dear Ms. Razzak:

The City of Compton is pleased to submit its Semi-Annual Monitoring Report in accordance with Attachment E of the Los Angeles County MS4 Permit. The report components include:

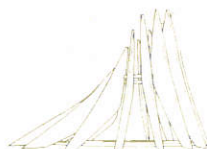

- (1) a narrative explanation of the monitoring results for the 2017-2018 wet season, highlighting WQBEL exceedances and receiving water limitations (the City has chosen to comply with WQBELs only, based on outfall discharge monitoring);
- (2) a spreadsheet containing requisite data in keeping with the Southern California Municipal Storm Water Monitoring Coalition's (SMC) Standardized Data Transfer Formats (SDTFs) and CEDEN used by the Regional Board's Surface Water Ambient Monitoring Program (SWAMP); and
- (3) an updated monitoring location GIS map.

It is hoped that the submittal of the requisite data is in keeping with your expectations. If you have any questions please do not hesitate to call me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Wendell Johnson".

Wendell Johnson, P.E.  
Director of Public Works
