

Los Angeles Regional Water Quality Control Board

December 7, 2015

Ms. Shauna Clark, City Manager
City of La Habra Heights
1245 N. Hacienda Road
La Habra Heights, CA 90631

FINAL APPROVED CITY OF LA HABRA HEIGHTS' INTEGRATED MONITORING PROGRAM, PURSUANT TO ATTACHMENT E, PART IV.A OF THE LOS ANGELES COUNTY MUNICIPAL SEPARATE STORM SEWER SYSTEM (MS4) PERMIT (NPDES PERMIT NO. CAS004001; ORDER NO. R4-2012-0175)

Dear Ms. Clark:

The Los Angeles Regional Water Quality Control Board (Los Angeles Water Board or Board) has reviewed the final monitoring program submitted on November 2, 2015 by the City of La Habra Heights (City). This monitoring program was submitted pursuant to the provisions of NPDES Permit No. CAS004001 (Order No. R4-2012-0175), which authorizes discharges from the municipal separate storm sewer system (MS4) operated by 86 municipal Permittees within Los Angeles County (hereafter, LA County MS4 Permit). The LA County MS4 Permit allows Permittees the option to develop and implement an integrated monitoring program (IMP) that achieves the five Primary Objectives set forth in Part II.A of Attachment E and includes the elements set forth in Part II.E of Attachment E. These programs must be approved by the Executive Officer of the Los Angeles Water Board.

On October 2, 2015, on behalf of the Los Angeles Water Board, I approved, with conditions, the City's IMP. My approval letter directed the City to submit a final IMP that satisfies all the conditions listed in the letter no later than November 2, 2015. On November 2, 2015, the City submitted its final CIMP, as directed.

After review of the City's final IMP submitted on November 2, 2015, I have determined that the City's IMP satisfies all of the conditions identified in my October 2, 2015 approval letter. The IMP submitted on November 2, 2015 hereby constitutes the final approved IMP for the City. Additional direction on requirements for follow-up monitoring when aquatic toxicity is present in downstream receiving waters has been provided in separate correspondence dated August 7, 2015, and must be followed as part of the City's final approved IMP.

The Los Angeles Water Board appreciates the participation and cooperation of the City in the implementation of the LA County MS4 Permit. If you have any questions, please contact Mr. Ivar Ridgeway, Storm Water Permitting, at Ivar.Ridgeway@waterboards.ca.gov or by phone at (213) 620-2150.

Sincerely,

Samuel Unger, P.E.
Executive Officer
