TO: Secretary for Resources

Subject: Filing of Notice of Decision in Compliance with Section 21080.5 of the Public Resources Code and Submittal of Certificate of Fee Exemption (Fish & Game Code §711.4(c)(3)(C))

On May 11, 2001, the State Water Resources Control Board's Office of Chief Counsel approved a Basin Plan amendment that prohibits septic systems in the Oxnard Forebay of Ventura County. New septic systems are prohibited as of May 11, 2001, and discharges from existing septic systems on lot sizes less than five acres are prohibited after January 1, 2008. On May 25, 1999, I found that the proposed Basin Plan amendment could not have a significant effect on the environment.
