ADMINISTRATIVE CIVIL LIABILITY COMPLAINT R5-2011-0534

MANDATORY PENALTY
IN THE MATTER OF

GWF POWER SYSTEMS, L.P.
WILBUR AVENUE EAST POWER PLANT
ANTIOCH (SITE IV)
CONTRA COSTA COUNTY

This Complaint is issued to the GWF Power Systems, L.P. (hereafter Discharger) pursuant to California Water Code (CWC) section 13385, which authorizes the imposition of Administrative Civil Liability, and CWC section 13323, which authorizes the Executive Officer to issue this Complaint. This Complaint is based on findings that the Discharger violated provisions of Waste Discharge Requirements (WDRs) Orders R5-2002-0155 and R5-2008-0013 (NPDES No. CA0082309).

The Executive Officer of the Central Valley Regional Water Quality Control Board (Central Valley Water Board or Board) finds the following:

1. The Discharger owns and operates the Wilbur Avenue East Power Plant, Antioch (Site IV), a steam electric power generation facility. The discharge consists of cooling water blowdown. The Discharger treats the effluent to reduce metals in the discharge. The Discharger discharges wastewater from Discharge Point 001 to the San Joaquin River, within the Sacramento-San Joaquin Delta.
2. On 6 September 2002, the Central Valley Water Board issued WDRs Order R5-2002-0155 which contained new requirements and rescinded WDRs Order 98-218, except for enforcement purposes. On 25 January 2008, effective 15 March 2008, the Board issued WDRs Order R5-2008-0013, which contained new requirements and rescinded WDRs Order R5-2002-0155, except for enforcement purposes.
3. On 26 July 2004, the Executive Officer of the Central Valley Water Board issued Administrative Civil Liability Complaint (ACLC) R5-2004-0525 for mandatory minimum penalties for effluent violations that occurred from 1 April 2002 through 31 March 2004. The Discharger paid the civil liability and the Board considers those effluent violations specifically listed in Attachment A to ACLC R5-2004-0525 to be resolved.
4. This Complaint addresses administrative civil liability for effluent violations that occurred during the period from 1 April 2004 through 31 October 2010. These violations are specifically identified in Attachment A to this Complaint as subject to mandatory minimum penalties. Attachment A to this Complaint is attached hereto and incorporated herein by this reference.

5. On 24 January 2011, Central Valley Water Board staff issued the Discharger a draft Record of Violations. The Discharger has not responded.
6. CWC section 13385(h) and (i) require assessment of mandatory penalties and state, in part, the following:

CWC section 13385(h)(1) states:

Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars (\$3,000) shall be assessed for each serious violation.

CWC section 13385 (h)(2) states:

For the purposes of this section, a "serious violation" means any waste discharge that violates the effluent limitations contained in the applicable waste discharge requirements for a Group II pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 20 percent or more or for a Group I pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 40 percent or more.

CWC section 13385 subdivision (i)(1) states, in part:

Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars (\$3,000) shall be assessed for each violation whenever the person does any of the following four or more times in any period of six consecutive months, except that the requirement to assess the mandatory minimum penalty shall not be applicable to the first three violations:

- A) Violates a waste discharge requirement effluent limitation.
- B) Fails to file a report pursuant to Section 13260.
- C) Files an incomplete report pursuant to Section 13260.
- D) Violates a toxicity effluent limitation contained in the applicable waste discharge requirements where the waste discharge requirements do not contain pollutant-specific effluent limitations for toxic pollutants.

7. CWC section 13323 states, in part:

Any executive officer of a regional board may issue a complaint to any person on whom administrative civil liability may be imposed pursuant to this article. The complaint shall allege the act or failure to act that constitutes a violation of law, the provision authorizing civil liability to be imposed pursuant to this article, and the proposed civil liability.

8. WDRs Order R5-2008-0013 Effluent Limitations IVA.1.a, include, in part, the following effluent limitations:
 - a. The Discharger shall maintain compliance with the effluent limitations specified in Table 6.

Table 6. Effluent Limitations -- Discharge Point 001

Parameter	Units	Effluent Limitations				
		Average Monthly	Average Weekly	Maximum Daily	Instantaneous Minimum	Instantaneous Maximum
Aluminum	µg/L	72	--	141	--	--
Iron	µg/L	--	--	300	--	--

9. According to the Discharger's self-monitoring reports, the Discharger committed one (1) serious Group I violation of the above effluent limitations contained in WDRs Orders R5-2002-0155 and R5-2008-0013 during the period beginning 1 April 2004 through 31 October 2010 as identified in Attachment A. This violation is defined as serious because the measured concentration of a Group I constituent exceeded the maximum prescribed level in WDRs Order R5-2008-0013 by 40 percent or more. The mandatory minimum penalty for this serious violation is **three thousand dollars (\$3,000)**.
10. According to the Discharger's self-monitoring reports, the Discharger committed one (1) non-serious violation of the above effluent limitations contained in Orders R5-2002-0155 and R5-2008-0013 during the period beginning 1 April 2004 through 31 October 2010 as identified in Attachment A. The non-serious violation is not subject to a mandatory penalty under CWC section 13385 subdivision (i)(1) because this violation was not preceded by three or more similar violations within a six-month period.
11. The total amount of the mandatory penalty assessed for the cited effluent violation is **three thousand dollars (\$3,000)**. As stated herein, a detailed list of the cited effluent violations is included in Attachment A. This Complaint addresses administrative civil liability for the violation that is specifically identified in Attachment A as subject to a mandatory minimum penalty.
12. Issuance of this Administrative Civil Liability Complaint to enforce CWC Division 7, Chapter 5.5 is exempt from the provisions of the California Environmental Quality Act (Pub. Resources Code section 21000 et seq.), in accordance with California Code of Regulations, title 14, section 15321(a)(2).

THE DISCHARGER IS HEREBY GIVEN NOTICE THAT:

1. The Executive Officer of the Central Valley Water Board proposes that the Discharger be assessed an Administrative Civil Liability in the amount of **three thousand dollars (\$3,000)**.
2. A hearing on this matter will be held at the Central Valley Water Board meeting scheduled on **8/9/10 June 2011**, unless the Discharger does one of the following by **13 April 2011**:
 - a) Waives the hearing by completing the attached form (checking off the box next to Option 1) and returning it to the Central Valley Water Board, along with payment for the proposed civil liability of **three thousand dollars (\$3,000)**; or

- b) The Central Valley Water Board agrees to postpone any necessary hearing after the Discharger requests to engage in settlement discussions by checking off the box next to Option #2 on the attached form, and returns it to the Board along with a letter describing the issues to be discussed; or
 - c) The Central Valley Water Board agrees to postpone any necessary hearing after the Discharger requests a delay by checking off the box next to Option #3 on the attached form, and returns it to the Board along with a letter describing the issues to be discussed.
3. If a hearing on this matter is held, the Central Valley Water Board will consider whether to affirm, reject, or modify the proposed Administrative Civil Liability, or whether to refer the matter to the Attorney General for recovery of judicial civil liability.
4. If this matter proceeds to hearing, the Executive Officer reserves the right to amend the proposed amount of civil liability to conform to the evidence presented, including but not limited to, increasing the proposed amount to account for the costs of enforcement (including staff, legal and expert witness costs) incurred after the date of the issuance of this Complaint through completion of the hearing.
