ADMINISTRATIVE CIVIL LIABILITY COMPLAINT R5-2015-0539

MANDATORY PENALTY
IN THE MATTER OF

MOUNTAIN HOUSE COMMUNITY SERVICES DISTRICT
WASTEWATER TREATMENT PLANT
SAN JOAQUIN COUNTY

This Complaint is issued to the Mountain House Community Services District (hereafter Discharger) pursuant to California Water Code (Water Code) section 13385, which authorizes the imposition of Administrative Civil Liability, Water Code section 13323, which authorizes the Executive Officer to issue this Complaint, and Water Code section 7, which authorizes the delegation of the Executive Officer's authority to a deputy, in this case the Assistant Executive Officer. This Complaint is based on allegations that the Discharger violated provisions of Waste Discharge Requirements (WDRs) Orders R5-2007-0039, R5-2013-0004, and R5-2013-0004-01 (NPDES CA0084271).

The Assistant Executive Officer of the Central Valley Regional Wastewater Quality Control Board (Central Valley Water Board or Board) alleges the following:

1. The Discharger owns and operates a wastewater collection, treatment and disposal system, and provides sewerage services, for the community of Mountain House. Treated municipal wastewater is discharged to Old River, a water of the United States and part of the Sacramento-San Joaquin Delta.
2. Discharges from the Facility were regulated by the Central Valley Water Board under WDRs Order R5-2007-0039, which was issued on 4 May 2007. On 31 January 2013, effective on 22 March 2013, the Board issued WDRs R5-2013-0004, which contained new requirements and rescinded WDRs Order R5-2007-0039, except for enforcement purposes. On 9 October 2014, Board issued WDRs Order R5-2013-0004-01 which amended WDRs Order R5-2013-0004 to include Delta Regional Monitoring Program requirements.
3. On 4 May 2007, the Central Valley Water Board issued Time Schedule Order (TSO) R5-2007-0040, providing a time schedule until 30 April 2012 to comply with final effluent limitations for bis(2-ethylhexyl)phthalate, cyanide, group A pesticides (aldrin and heptachlor), and iron. On 2 February 2009, the Board issued TSO R5-2009-0013 and rescinded TSO R5-2007-0040, except for enforcement purposes. TSO R5-2009-0013 provided a time schedule until 30 August 2012 to comply with final effluent limitations for bis(2-ethylhexyl)phthalate, cyanide, group A pesticides (aldrin and heptachlor), iron, total trihalomethanes, dibromochloromethane, and dichlorobromomethane.
4. On 3 August 2012, the Board issued TSO R5-2012-0073 and rescinded TSO R5-2009-0013, except for enforcement purposes. TSO R5-2012-0073 provided a time schedule until 23 June 2017 to comply with final effluent limitation for dibromochloromethane and dichlorobromomethane. On 12 April 2013, the Board issued Order R5-2013-0037, which rescinded TSO R5-2012-0073, except for enforcement purposes.
5. On 31 January 2013, the Board issued TSO R5-2013-0005, which provided a time schedule until 1 February 2018 to comply with the new effluent limitation for temperature.

6. This Complaint considers the interim effluent limitations and protection from Mandatory Minimum Penalties (MMPs) provided by TSOs R5-2007-0040, R5-2009-0013, R5-2012-0073, and R5-2013-0005.
7. On 16 March 2009, the Executive Officer of the Central Valley Water Board issued Administrative Civil Liability Complaint (ACLC) R5-2009-0516 for MMPs for effluent violations (identified in Attachment A to ACLC R5-2009-0516) that occurred from 1 February 2008 through 31 December 2008. The Discharger paid the civil liability and the Board considers those effluent violations specifically listed in Attachment A to ACLC R5-2009-0516 to be resolved.
8. This Complaint addresses administrative civil liability for effluent violations that occurred during the period from 1 January 2009 through 30 June 2015. These violations are specifically identified in Attachment A to this Complaint as subject to MMPs. Attachment A to this Complaint is attached hereto and incorporated herein by this reference.
9. On 12 June 2015, Central Valley Water Board staff issued a draft Record of Violations (ROV) to the Discharger for the period from 1 January 2009 through 30 April 2015. On 17 July 2015, the Discharger responded to the ROV and agreed with the violations. This Complaint extends the ROV period through 30 June 2015; no additional violations were found.
10. Water Code section 13385 subdivision (h) and (i) require assessment of mandatory penalties and state, in part, the following:

Water Code section 13385 subdivision (h)(1) states:

Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars (\$3,000) shall be assessed for each serious violation.

Water Code section 13385 subdivision (h)(2) states:

For the purposes of this section, a "serious violation" means any waste discharge that violates the effluent limitations contained in the applicable waste discharge requirements for a Group II pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 20 percent or more or for a Group I pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 40 percent or more.

Water Code section 13385 subdivision (i)(1) states, in part:

Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars (\$3,000) shall be assessed for each violation whenever the person does any of the following four or more times in any period of six consecutive months, except that the requirement to assess the mandatory minimum penalty shall not be applicable to the first three violations:

- A) Violates a waste discharge requirement effluent limitation.
- B) Fails to file a report pursuant to Section 13260.
- C) Files an incomplete report pursuant to Section 13260.

D) Violates a toxicity effluent limitation contained in the applicable waste discharge requirements where the waste discharge requirements do not contain pollutant-specific effluent limitations for toxic pollutants.

11. Water Code section 13323 states, in part:

Any executive officer of a regional board may issue a complaint to any person on whom administrative civil liability may be imposed pursuant to this article. The complaint shall allege the act or failure to act that constitutes a violation of law, the provision authorizing civil liability to be imposed pursuant to this article, and the proposed civil liability.

12. WDRs Order R5-2007-0039 Effluent Limitations IV.A.1.e. includes, in part, the following effluent limitations:

- e. **Total Coliform Organisms:** Effluent total coliform organisms concentrations shall not exceed the following:
 - i. 2.2 MPN/100 mL as seven-day median based upon the last seven days;
 - ii. 23 MPN/100 mL more than once in any 30-day period; and
 - iii. 240 MPN/100 mL at any time.

13. WDRs Order R5-2013-0004-01 contains Final Effluent Limitations IV.A.1.a, which include, in part, the following effluent limitation:

Parameter	Units	Effluent Limitations	
		Average Monthly	Maximum Daily
Ammonia Nitrogen, Total (as N)	mg/L	0.8	2.1
	lbs/day ¹	20	52

1. Based upon an average dry weather flow of 3.0 MGD

14. According to the Discharger’s self-monitoring reports, the Discharger committed twelve (12) serious Group I violations of the above effluent limitations contained in WDRs Orders R5-2007-0039 and R5-2013-0004-01 during the period of 1 January 2009 through 30 June 2015, as identified in Attachment A. These violations are defined as serious because measured concentrations of Group I constituents exceeded maximum prescribed levels in the WDRs by 40 percent or more. The mandatory minimum penalty for these violations is **thirty six thousand dollars (\$36,000)**.
15. According to the Discharger’s self-monitoring reports, the Discharger committed two (2) non-serious violations of the above effluent limitations contained in WDRs Orders R5-2007-0039 and R5-2013-0004-01 during the period beginning 1 January 2015 and ending 30 June 2015, as identified in Attachment A. One of these two non-serious violations is subject to MMPs under Water Code section 13385(i)(1) because this violation was preceded by three or more similar violations within a 180-day period. The mandatory minimum penalty for this non-serious violation is **three thousand dollars (\$3,000)**.
16. The total amount of the mandatory penalty assessed for the cited effluent violations is **thirty nine thousand dollars (\$39,000)**. As stated herein, a detailed list of the cited effluent violations is included in Attachment A. This Complaint addresses administrative civil liability for violations that are specifically identified in Attachment A as subject to mandatory minimum penalties.

17. On 14 February 2014, the Executive Officer designated Andrew Altevogt, Assistant Executive Officer, as the Lead Prosecution Officer for all enforcement matters originating in the Rancho Cordova Office. The 14 February 2014 Delegation of Authority also authorizes Andrew Altevogt to issue Administrative Civil Liability Complaints.
18. Issuance of this Administrative Civil Liability Complaint to enforce Water Code Division 7, Chapter 5.5 is exempt from the provisions of the California Environmental Quality Act (Pub. Resources Code section 21000 et seq.), in accordance with California Code of Regulations, title 14, section 15321(a)(2).

THE DISCHARGER IS HEREBY GIVEN NOTICE THAT:

1. The Assistant Executive Officer of the Central Valley Water Board proposes that the Discharger be assessed an Administrative Civil Liability in the amount of **thirty nine thousand dollars (\$39,000)**.
2. A hearing on this matter will be held at the Central Valley Water Board meeting scheduled on **10/11 December 2015**, unless the Discharger does one of the following by **14 October 2015**:
 - a) Waives the hearing by completing the attached form (checking off the box next to Option 1) and returning it to the Central Valley Water Board. In addition, submits payment for the proposed civil liability of **thirty nine thousand dollars (\$39,000)** to the State Water Board with a copy of the check to the Central Valley Water Board; or
 - b) Requests to engage in settlement discussions by checking the box next to Option 2 on the attached form, and returning it to the Board along with a letter describing the issues to be discussed. The Central Valley Water Board must agree to the postponement; or
 - c) Requests to delay the hearing by checking off the box next to Option 3 on the attached form, and returning it to the Board along with a letter describing the proposed length of delay and the issues to be discussed. The Central Valley Water Board must agree to the postponement.
3. If a hearing on this matter is held, the Central Valley Water Board will consider whether to affirm, reject, or modify the proposed Administrative Civil Liability, or whether to refer the matter to the Attorney General for recovery of judicial civil liability.
4. If this matter proceeds to hearing, the Assistant Executive Officer reserves the right to amend the proposed amount of civil liability to conform to the evidence presented, including but not limited to, increasing the proposed amount to account for the costs of enforcement (including staff, legal and expert witness costs) incurred after the date of the issuance of this Complaint through completion of the hearing.

Should the Central Valley Water Board receive significant new information or comments during this comment period, the Central Valley Water Board's Assistant Executive Officer may withdraw the complaint, return payment, and issue a new complaint. I also understand that approval of the settlement will result in the Discharger having waived the right to contest the allegations in the Complaint and the imposition of civil liability.

(OPTION 2: Check here if the Discharger waives the 90-day hearing requirement in order to engage in settlement discussions.) I hereby waive any right the Discharger may have to a hearing before the Central Valley Water Board within 90 days after service of the complaint, but I reserve the ability to request a hearing in the future. I certify that the Discharger will promptly engage the Central Valley Water Board Prosecution Team in settlement discussions to attempt to resolve the outstanding violation(s).
