MINOR MODIFICATIONS TO THE ORIGINAL SIXTEEN TO ONE MINE, INC., SIXTEEN TO ONE MINE WASTE DISCHARGE REQUIREMENTS ORDER R5-2015-0002 (NPDES PERMIT NO. CA0081809), SIERRA COUNTY

This letter is to notify you of corrections to Table E-6 of the Monitoring and Reporting Program of Waste Discharge Requirements Order R5-2015-0002. In this case, the Monitoring and Reporting Program inadvertently required the Discharger to submit Self-Monitoring Reports (SMRs) one day after the end of each calendar quarter at the ends of both the 1st and 2nd quarters. Therefore, the SMR Due Dates for the 1st and 2nd quarters should be changed from 1 April to 1 May and from 1 July to 1 August, respectively, to allow the Discharger appropriate time to submit the SMR's. Pursuant to Federal Regulations (40 CFR 122.63(a)), minor modifications of an NPDES permit are allowed to correct typographical errors. The minor modifications, shown in underline/strikeout format, are made to Table E-6 of Order R5-2015-0002, as shown below:

Table E-6. Monitoring Periods and Reporting Schedule

Sampling Frequency	Monitoring Period Begins On...	Monitoring Period	SMR Due Date
Quarterly	Permit Effective Date	1 January through 31 March	1 April <u>May</u>
		1 April through 30 June	1 July <u>August</u>
		1 July through 30 September	1 November
		1 October through 31 December	1 February
Annually	Permit Effective Date	1 January through 31 December	1 February

The corrected order may be downloaded from the Central Valley Water Board's internet website at: http://www.waterboards.ca.gov/centralvalley/board_decisions/adopted_orders/#sierra

If you have any questions regarding these minor modifications, please contact Elizabeth Thayer at (916) 464-4671 or beth.thayer@waterboards.ca.gov.
