Regional Water Quality Control Board
Mr. Patrick Pulupa, Advisory Counsel
State Water Board, Office of Chief Counsel
P.O. Box 100
Sacramento, CA 95812

Dear Mr. Pulupa:

Our company is a small, independent oil producer and will be adversely affected if the Valley Water Management facilities in Edison are closed. With our only means of water disposal denied, we will be forced to cease operations.

Our Edison leases provide income to many royalty owners who are elderly and, in many cases, widows on fixed incomes. They are dependent on the royalty income for their livelihoods.

I plan to attend the hearing as an interested party.

Sincerely,

A handwritten signature in black ink, appearing to read "Kent Rose". The signature is written in a cursive style and is positioned above the typed name.

Kent Rose
Vice President
