RECITALS

A. Water Code section 13385, subdivision (h)(1), provides that, “[n]otwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars (\$3,000) shall be assessed for each serious violation.” Water Code section 13385.1, subdivision (a)(1), provides that, “[f]or the purposes of subdivision (h) of Section 13385, a ‘serious violation’ also means a failure to file a discharge monitoring report required pursuant to Section 13383 for each complete period of 30 days following the deadline for submitting the report, if the report is designed to ensure compliance with limitations contained in waste discharge requirements that contain effluent limitations.”

B. On April 30, 2003, the California Regional Water Quality Control Board, Central Valley Region (the Board) issued Waste Discharge Requirements Order No. R5-2002-0042, Amended (the Amended Order). The Amended Order included effluent limitations and a monitoring and reporting program requiring DEFENDANT to, among other things, conduct certain water quality monitoring and submit to the Board monthly reports of the results of that monitoring. The Amended Order required DEFENDANT to submit such monthly reports beginning in 2003, and continuing until the expiration of the Amended Order on March 1, 2007. The last sampling required by the Amended Order was due to be completed in February 2007, and the final monitoring report was due to be submitted by April 1, 2007. As of April 1, 2007, DEFENDANT had not submitted any of the twelve monitoring reports (the Reports) for the monitoring periods from February 2006 through January 2007.

C. PLAINTIFF alleges that DEFENDANT’s failure to submit the Reports as of April 1, 2007, constitutes 78 serious violations pursuant to Water Code sections 13385 and 13385.1, resulting in mandatory minimum penalties totaling \$234,000.

D. On May 1, 2009, PLAINTIFF filed suit against DEFENDANT in Sierra County Superior Court, case no. 7019.

E. DEFENDANT filed an Answer denying and disputing certain allegations made by PLAINTIFF, and that Answer is on file in Sierra County Superior Court, case no. 7019.

1 F. After arms-length negotiations, PLAINTIFF and DEFENDANT have reached and
2 entered into a settlement agreement by way of this Stipulated Judgment in a good faith effort to
3 avoid the uncertainty and expense of protracted litigation. PLAINTIFF believes that this
4 settlement is in the best interests of the people of the State of California.
