NOTICE OF PUBLIC HEARING

Concerning

**ADOPTION OF ORDER TO
AMEND CEASE AND DESIST ORDER R5-2015-0128-01
FOR
COLLINS PINE COMPANY
CHESTER SAWMILL
PLUMAS COUNTY**

On 5 February 2009, the Central Valley Regional Water Quality Control Board (Central Valley Water Board) adopted Waste Discharge Requirements (WDR) Order R5-2009-0015 (National Pollutant Discharge Elimination System Permit No. CA0004391) for Collins Pine Company's (Discharger) Chester Sawmill (Facility). The Discharger owns and operates electrical cogeneration and sawmill facilities that results in the production and discharge of treated process wastewater, up to 0.36 million gallons per day, into Stover Ditch (a tributary to Lake Almanor), a water of the United States. WDR Order R5-2009-0015 contains, in part, final copper and lead effluent limits for which the Discharger could not immediately comply.

On 11 December 2015, the Executive Officer of the Central Valley Water Board issued Cease and Desist Order (CDO) R5-2015-0128, which included interim effluent limits for copper and lead and a compliance time schedule. An extension until 1 January 2018 was requested because of scheduling issues (i.e., delays in obtaining a minor prevention of significant deterioration air permit modification from the United States Environmental Protection Agency (USEPA)) and amendments to CDO R5-2015-0128 were adopted on 6 December 2016.

On 15 September 2017, the Discharger submitted a request to extend the final compliance date in CDO R5-2015-0128-01. The extension was requested because of continued delay in the USEPA's air permit modification. The Executive Officer of the Central Valley Water Board concurs with the Discharger's findings (i.e., compliance with CDO R5-2015-0128-01 is not possible due to circumstances beyond the Discharger's control). Therefore, the Central Valley Water Board will consider amending CDO R5-2015-0128-01 and extending the final compliance date to 1 January 2021.

A public hearing to address this matter will be held during the Central Valley Water Board meeting, which is scheduled for:
