Proposed Order

If adopted, the proposed Order will rescind Waste Discharge Requirements (WDRs) Order R5-2022-0043, which prescribes requirements to EDPR CA Solar Park LLC (Discharger) for the discharge of fill materials to wetlands on the Sandrini Solar Project

(Project). WDRs Order R5-2022-0043 authorizes 3.175 acres of temporary wetland impacts and 0.021 acres of permanent wetland loss.

On 20 January 2026, Central Valley Water Board staff (Staff) received a request from the Discharger to rescind WDRs Order No. R5-2022-0043 because the Project was reportedly completed in 2023. Staff conducted a review of the Discharger's "Request for Notice of Project Complete Letter" and its supporting information and confirmed that Project discharges were complete. Staff also confirmed that the Discharger restored all areas of temporary wetland impacts and fulfilled its compensatory mitigation obligations pursuant to the requirements of Order No. R5-2022-0043. Therefore, it is appropriate to rescind WDRs Order No. R5-2022-0043.

To conserve paper and reduce mailing costs, a paper copy of the proposed Order was sent only to the Discharger. All others may access a digital copy of the Order on the Central Valley Water Board's [Tentative Orders website](#), under the heading, "Discharger-Specific Order for Future Board Meetings"

(https://www.waterboards.ca.gov/centralvalley/board_decisions/tentative_orders/).

Copies of the proposed Order and associated documents may also be obtained by visiting the office of the Central Valley Water Board at 1685 E Street, Fresno, CA 93706 or by contacting the Board by phone at (559) 445-5116 weekdays between 8:00 a.m. and 5:00 p.m. Questions concerning the proposed Order or anything in this Notice should be directed to Ernesto P. Garcia at (559) 445-6126 or at Ernesto.Garcia@waterboards.ca.gov.
