Item 4. Renewal of Waste Discharge Requirements and National Pollutant Discharge Elimination System Permit (NPDES No. CA8000403) for Poseidon Resources (Surfside) L.L.C., Huntington Beach Desalination Facility – Order Number R8-2020-0005

This item was presented by Regional Board staff, Hope Smythe, Jayne Joy, Ann Sturdivant, Julio Lara, Terri Reeder, and State Board staff, Daniel Ellis.

Chair Ruh announced the Board meeting on Friday, August 7, 2020, is to consider the Renewal of Waste Discharge Requirements and NPDES Permit of the California Water Code Section 13142.5(b), Determination for Poseidon Resources, Huntington Beach Desalination Facility.

Board members asked for a complete mitigation plan that would include the cost, reduce the threat to marine life from surface intakes and comply with mitigation requirements in the Ocean Plan. Board Members reached a consensus on mitigation measures, requiring that 75 percent be directed toward restoration rather than preservation (inlet dredging). Board members directed staff to make the necessary revisions as appropriate for the permit.

Board members agreed that changes need to be done to the permit, therefore, they were not able to vote on August 7, 2020. Vice Chair William von Blasingame suggested another Board meeting prior to a vote. Board members agreed to September 17, 2020.

Presenters: Tom Luster, Coastal Commission; Wendy Hall, State Lands Commission; Scott Maloni, Poseidon Water; Dr. Peter Raimondi; John Kennedy, Orange County Water District; Philip Wyels, State Water Board; Karl Seckel, Municipal Water District of Orange County.

Item 14. Closed Session
