SUPPORTING DOCUMENT NO. 6

I. Clarifications to Tentative Order R9-2006-0028

Finding No. 11 and Requirement D.3. These sections were edited to reflect a more recently dated version of the post-construction stormwater management plan, *Water Quality Technical Report for The Vineyards (sic)*, Hunsaker & Associates San Diego, Inc. The Tentative Order submitted for public review was based on the October 25, 2005 version. On May 26, 2006, the discharger submitted a revised version dated May 17, 2006. No significant changes were made in the later revision.

Finding No. 12. This finding was edited to reflect the current owner of the site as Grenhill Investment Corporation. The Tentative Order submitted for public review identified the owner as Grenhill Development Corporation. In June 2005, Grenhill Investment Corporation submitted a Change of Information request to the State Water Resources Control Board for WDID no. 9 33C326166, which was originally issued to Grenhill Development Corporation.

II. Clarifications to the Technical Report for Tentative Order R9-2006-0028

Section II Regulatory Background. The last paragraph of this section (page 3) was edited to correct the date on which the application for Section 401 Water Quality Certification and the Report of Waste Discharge were received by the Regional Board. The documents were submitted on April 15, 2005. The Technical Report submitted for public review identified the date as April 15, 2006.

Section V Water Quality Standards and Mitigation Measures. This section was edited to reflect a more recently dated version of the post-construction stormwater management plan, *Water Quality Technical Report for The Vineyards (sic)*, Hunsaker & Associates San Diego, Inc. The Tentative Order submitted for public review was based on the October 25, 2005 version. On May 26, 2006, the discharger submitted a revised version dated May 17, 2006. No significant changes were made in the later revision.
