

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
SAN DIEGO REGION
Summary of Board Actions and Proceedings
at the November 14, 2007 Board Meeting

MINUTES

Minutes of Board Meeting of October 10, 2007.

NON CONSENT ITEMS

NPDES Permit Reissuance: Waste Discharge Requirements for the Hubbs-Seaworld Research Institute Leon Raymond Hubbard, JR. Marine Fish Hatchery, Discharge to Agua Hedionda Lagoon, Carlsbad. (Tentative Order No. R9-2007-0026, NPDES Permit No. CA0109355) (*Eric Becker*)

PUBLIC HEARING: Conditional Waiver of Waste Discharge Requirements for Emergency Repair and Protection Activities in Non-Federal Waters of the State. The San Diego Water Board will receive testimony and consider adoption of a new conditional waiver for discharges from dredge and fill projects during emergency repair and protection activities that are necessary in the wake of regional disasters. The proposed waiver is very similar to a nationwide Regional General Permit (no. 63) issued by the Department of the Army that conditions emergency dredge and fill projects to federal waters under Clean Water Act Section 404. Only ten days of public review were possible for this item in order to expedite adoption in compliance with the Governor's Executive Order S-13-07. (Tentative Resolution No. R9-2007-0211) (*Jeremy Haas*)

REGIONAL BOARD ACTIONS

Amended then approved minutes.

Item deferred. Will be brought back in six months as a status report presenting various alternatives.

Approved No. R9-2007-0211 as an Order with errata.

POSTPONED ITEMS

Reissuance of Waste Discharge Requirements and NPDES Permit CAG919002 for discharge from Groundwater Extraction waste to Surface Waters within the San Diego Region Except for San Diego Bay. If adopted, Tentative Order No. R9-2007-0071, would supersede the current SDR Order No. R9-2001-0096. (Tentative Order No. R9-2007-0071) (*Vicente Rodriguez*)

PUBLIC HEARING: Scripps Ranch Middle School: Administrative Civil Liability Complaint recommending a \$128,000 assessment of civil liability against the San Diego Unified School District (District) for violations of California State Water Resources Control Board (State Board) Order No. 99-08-DWQ, National Pollutant Discharge Elimination System (NPDES) General Permit for Storm Water Discharges Associated with Construction Activity (Permit). The Complaint alleges that the District failed to prepare complete inspection reports required by the Permit, failed to implement adequate Best Management Practices, as required by the permit, and violated discharge prohibitions of the Permit. If the discharger elects to waive their right to a hearing, the Regional Board will consider comments received during the public review period and decide on an order accepting payment of the proposed liability and waiver of hearing. (Tentative Order No. R9-2007-0210) (*Pete Peuron*)
