Dear Mr. Langworthy:

**SUBJECT: RESPONSES TO COMMENTS AND ERRATA SHEET FOR TENTATIVE
ADDENDUM NO. 2 TO ORDER NO. R9-2002-0025, NPDES PERMIT
NO. CA0107409 FOR THE CITY OF SAN DIEGO POINT LOMA
WASTEWATER TREATMENT PLANT DISCHARGE TO THE PACIFIC
OCEAN VIA THE POINT LOMA OCEAN OUTFALL**

Enclosed is a copy of the Errata Sheet for Tentative Addendum No. 2 to Order No. R9-2002-0025 and responses to comments on the tentative addendum that were submitted to the Regional Board by the Sierra Club San Diego Chapter on July 30, 2008.

On August 4, 2008, the Regional Board received an email from the City of San Diego stating it has no major comments on the tentative addendum but noted that the sampling frequency is inconsistent with the staffing of its on-site Environmental Laboratory Accreditation Program (ELAP)-accredited laboratory. Based on this comment, the Regional Board revised the tentative addendum as indicated in the enclosed Errata Sheet. Additional modifications were made to correct and clarify language in the tentative addendum. These modifications are also indicated in the enclosed Errata Sheet.

Regional Board staff intends to present the tentative addendum with Errata Sheet to the Regional Board for adoption at their regularly scheduled meeting on August 13, 2008. If you have any questions regarding this matter, please contact Melissa Valdovinos at (858) 467-2724, or via email at mvaldovinos@waterboards.ca.gov.

The heading portion of this letter includes a Regional Board code number noted after "In reply refer to:" In order to assist us in the processing of your correspondence, please include this code number in the heading or subject line portion of all correspondence and reports to the Regional Board pertaining to this matter.
