

State of California
Regional Water Quality Control Board
San Diego Region

EXECUTIVE OFFICER SUMMARY REPORT
April 12, 2006

ITEM: 10

SUBJECT: Status Report: Presentations by the Orange County Copermittees and Public Organizations (Jeremy Haas).

PURPOSE: Receive information regarding water quality in southern Orange County.

PUBLIC NOTICE: The Agenda notice for the April 12, 2006, Regional Board meeting serves as the public notice for this item.

DISCUSSION: The County of Orange requested time at the April 12, 2006 meeting for a presentation on water quality efforts conducted within the County. Similar time was allocated at the May 2005 Board meeting in Laguna Beach, where the County and other organizations provided information on the Municipal Storm Water Program and on efforts to improve water quality in Aliso Creek and coastal waters.

Written information on the presentations may be provided in a subsequent mailing to the Regional Board members.

Also, the Municipal Storm Water NPDES Permit (Regional Board Order No. R9-2002-01) is the primary regulatory mechanism for addressing surface water quality in southern Orange County. The current NPDES Permit expires in February 2007, and the Report of Waste Discharge for the Permit renewal is due in July 2006.

LEGAL CONCERNS: NONE

SUPPORTING DOCUMENTS: NONE

RECOMMENDATION: This is an informational item only, no action is recommended.
