Subject: Property damage, storm water & silt management, landscaping

Date: 21 May 08

We are in receipt of the 'Notice of Violation' dated 19 May 08 and wish to thank you for finally allowing us to complete the repair of the damage to our property caused by the diversion of storm water onto our property.

Had the repairs not been stopped in February, the work would have been completed. None-the-less, we will attempt to complete the work on or before 02 Jun 08, per your request.

However, since we never heard back from you regarding the plan we submitted almost two months ago, we contacted the state in order to resolve the issue and, therefore, will be implementing that plan for storm water and silt management.

Respectfully,

Dr. Bill Moritz
