Dear Mr. Robertus:

Request that the reporting requirements for Order No. 90-16: San Pasqual Water Reclamation Facility, be suspended indefinitely.

Operations at the San Pasqual Water Reclamation Facility have remained suspended since December 12, 2001. The treatment facilities and equipment have been taken out of service or removed. There are no plans by the City to use the facility for the permitted purpose in the future. There has been no monitoring has occurred since December 2001. Only negative reports have been submitted since then. Further reports would serve no useful purpose.

Sincerely,

Steve Meyer
Deputy Public Utilities Director
